

Dear Parents and Students,

In the final days of a successful 2023-24 school year, we find ourselves at the threshold of summer break and ready for well-deserved rest and new adventures. Before we turn the page on another school year at ISF, however, I wanted to take a moment to reflect on what shapes ISF.

Joining ISF has been a deeply rewarding experience for me. Since coming on board, I've been impressed by the strength of the school's community and its shared focus on giving students an exceptional educational experience. This experience is shaped by the dedication of our teachers and staff, the diligent support of our parents who create a nurturing environment at home, and the enthusiasm and curiosity of our students. It's a privilege to be a part of this community and to witness our students' growth and achievements. Their ability to think critically, communicate effectively, and collaborate with compassion inspires me to continue fostering an environment that is rich in learning.

Learning is a continuous journey and one that is not confined to the academic year. Whether you choose to revisit challenging concepts, embark on independent projects, or simply indulge in the joy of reading a captivating book, I encourage you to let this summer be a time for intellectual exploration. For families that are looking for a more structured summer educational experience, we are once again offering an engaging summer school program for our younger students up to Grade 6 (<https://sabisschools.sabis.net/isf-summer-school-2024>). The program is designed to help students maintain academic momentum, delve deeper into areas of interest, and develop new skills.

On behalf of the entire team at ISF, I wish you a safe, relaxing, and truly enriching summer break. May you return refreshed and ready to embark on a new chapter of learning and discovery in the fall. We all eagerly anticipate welcoming you back for another exciting year filled with growth, collaboration, and academic achievements. Until then, best wishes for a wonderful summer!

Best Regards,

Rupert Cox
